

MINING & EARTHMOVER

MAGNA MA60 E3/L3

The Magna MA60 is especially developed for Volvo A60, CAT760 and BELL B60 articulated dump trucks, operating in a variety of demanding mining and quarry applications.

The non-directional widebase design featuring a unique wide footprint for maximum surface contact and excellent machine stability along with exceptional self-cleaning characteristics.

Innovative tread lugs and grooves provides powerful forward and lateral traction and superior operator comfort.

Radial E3/L3 long-lasting tread provides maximised productivity and reduced long-term operating costs.

Special rubber compound and exceptionally robust casing ensures greater resistance to damage resulting in a prolonged tyre performance.

Tyre size	Pattern	Load symbol	Tyre Type	Tra code	Load/speed index	Single max. load/pressure	Rim	Overall diameter (mm)	Section width (mm)	Tread depth (mm)
