

MINING & EARTHMOVER

MAGNA MU25

E4/L4

The Magna MU25 is a deep E4/L4 tread tyre especially designed for loaders, dump trucks and graders in heavy-duty applications and conditions like underground mines.

The massive tread blocks and aggressive, open design provides exceptional traction an outstanding level of cut and damage resistance.

The aggressive E4/L4 open tread pattern provides outstanding grip and traction

The directional-block design and square shoulders provide outstanding durability.

Even contact area minimizes vibration, resulting in improved operator comfort

Tyre size	Pattern	Tyre Type	Load symbol	Tra code	Load / Speed Index	Max. load capacity (kg)	Recommended inflation pressure (bar)	Rim	Overall diameter (mm)	Section width (mm)	Tread depth (mm)
